Please explain why you would like to attend Grace Academy Summer Camp.

Please provide a sample of your art for us to review (not required for Rock It! Science Camp). This could be something that you have done at school or at home. It can also be a copy or photograph of something that you have made. Please, nothing larger than 12 x 18 can be submitted. This sample will not be returned.

Applications must be received at least two weeks prior to the first day of camp. Applications will be reviewed by a museum committee. You will be notified by email or phone if you have been awarded a scholarship. If you are unable to attend the camp please notify us immediately so the scholarship money can go to another child. If you simply do not show up for a camp that scholarship money was awarded, then you may be unable to apply for scholarships in the future.
